CHANGING THE BATTERY

POINTS TO REMEMBER

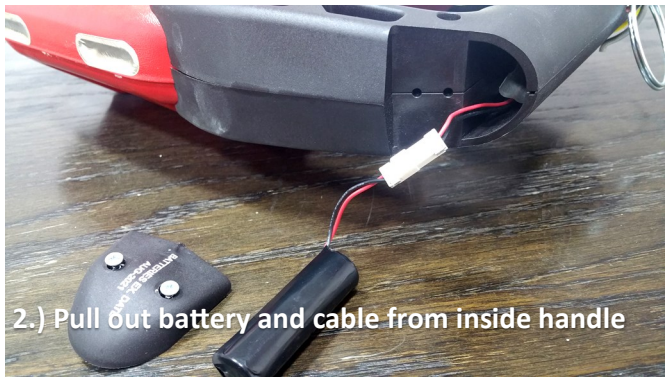
1.) Recycle the old battery per local jurisdiction.

2.) The battery is a Lithium battery not a Lithium Ion battery.

3.) This type of battery should never be recharged due to risk of fire or possible explosion.

QUICKSTART GUIDE

1.) Remove screws with screwdriver



2.) Pull out battery and cable from inside handle

3.) Disconnect old battery from cable

4.) Remove New battery from plastic bag

5.) Re-Insert battery into handle as shown.

6.) Attach battery cover and install both screws.
